

# Health and Safety Steps for QCT Classes

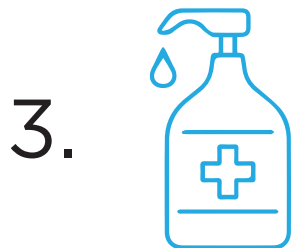

## Bring a mask to class.

If you don't have one, contact Head of Education Brendan Shea.

The instructor will meet you at the south entrance to the Oakley Lindsay Center.

## Sanitize your hands.

Stop at the hand sanitizing station on your way to the classroom.

No food/snacks will be allowed.

One parent/guardian must walk their student(s) to the south entrance of the Oakley Lindsay Center before class. The parent/guardian must also pick up the student(s) in this same location at the close of class. Due to high traffic, no student(s) will be allowed to leave the building without a parent or guardian.

Due to the COVID vaccination site activity, parents/guardians will not be able to wait inside the facility during the class.
